

# Samantha's Style

Hair bows....not just for your hair!

Have you ever tried new uses for your bows?

Such as clipping small bows to a necklace or bracelet to make some stylish new bling.

I like to clip them to sweaters to make them more "my style."

Don't be afraid to try "new" things with "old" things, it is what Whitney does all the time!

This is another simple way to develop your own style!
